

Author Premium

Author Premium is an ebook creation app. Students and educators create books in a range of different styles, add images or video to pages and record narration for each page.

This is an essential digital tool to bring any story to life.

Your child's Learn Pad workbook is a tool which empowers learning.

Through a selection of carefully chosen apps, the Learn Pad opens up a whole new world of learning anytime, anywhere.

Get these apps from the toolbox.

J2Code

J2Code provides the tools, resources and lesson plans to introduce coding to 5 – 13 year old students.

There are four platforms in one: Jit, Visual, Logo and Microbit. Also, there is the possibility of importing projects from Scratch.

These are four different platforms where students learn visual programming by combining a sequence of instructions.

They introduce all the important concepts of programming while encouraging students' creativity and enhancing problem solving skills.

Literacy Pro

Literacy Pro is an online reading programme that encourages students to read independently. Students can choose books depending on their interests and Lexile level. Students first take a Lexile test and a choice of books is given according to their score.

Literacy Pro encourages and monitors comprehension, making it a valuable tool for teachers to record student's reading progress.

With 24/7, simultaneous access to over 2,000 Scholastic ebooks and beloved authors, there are more opportunities for your students to find what they want and can read.

Brain Pop

In this animated educational site, users engage in learning through games, animated movies and activities, and is equipped with relevant material for the classroom.

This also supports educators' needs and focuses on classroom-optimised tools. Students are challenged to reflect, make connections and engage in deeper learning.

BrainPOP explains thoroughly complex concepts to young learners. Today, this site supports core and supplementary subjects to learners across the globe.

”
LearnPad allows students to challenge themselves independently.
The knock on effect of that is that they achieve.
